

ABOUT OUR COMPANY

“Custom Fitness Solutions.
Built to Perform.”

Qingdao GYMXF is a leading manufacturer of professional fitness equipment, with over 12 years of OEM experience.

Operating from a 10,000m² facility with advanced production technologies, we deliver precision-engineered products including racks, rigs, benches, barbells, and premium urethane weights.

Trusted by clients in over 30 countries, our equipment is built for durability, performance, and long-term reliability.

We are dedicated to providing high-quality solutions, combining manufacturing expertise with a strong commitment to customer partnership.

WHAT WE OFFER

01.

PROFESSIONAL MANUFACTURING

With years of experience in fitness equipment production, we provide reliable strength and functional training equipment designed for commercial gyms, distributors, and fitness brands worldwide.

02.

OEM & ODM CUSTOMIZATION

We support flexible OEM and ODM services, including product design, logo branding, and packaging customization to meet different market and brand requirements.

03.

COMPLETE SERVICE SUPPORT

From production and quality control to packaging and shipment, we offer a complete service process to ensure stable quality and efficient delivery for global customers.
